WHAT THE TEST MEASURES

Bookkeeping

Day-to-day bookkeeping for SME clients, customer and supplier invoices using the invoice method, credit and debit notes, entertainment expenses, payroll accounting, employer declarations, holiday pay and foreign supplier invoices.

Accounts Receivable & Payable

Practical handling of the general ledger and VAT accounts, manual reconciliations and payment matching, discrepancies and incorrect payments, accruals, and international payments using SWIFT/BIC and IBAN.

Expense Management

Checking receipts and archiving rules, accounting for meals and alcoholic beverages, conditions for tax-free per diems, and reverse-charge VAT on foreign invoices.

Closing of Accounts

Basic closing procedures, interim accounts, accruals and prepaid items, reconciliation of VAT and tax accounts, and accounting for doubtful and confirmed bad debts.

Accounting Practice in Client-Facing Roles

Managing filing deadlines and client documentation, understanding engagement letters, identifying compliance risks in day-to-day work, and supporting communication with SME clients on routine matters.
