

Accounting Firm Edition - SV - Senior

Accounting from A to Z

A test in Swedish based on Swedish accounting standards (K2/K3). Designed to distinguish senior accountants and client-facing specialists in accounting firms with broader reporting and advisory responsibilities.

 30 QUESTIONS 45 MIN SWEDISH K2 / K3

5 skill areas

WHAT THE TEST MEASURES

Bookkeeping

Day-to-day bookkeeping for small and medium-sized clients, customer and supplier invoices including VAT, entertainment and staff-related expenses, corrections, credit notes, payroll, holiday pay, foreign currency and tax-related bookkeeping.

Closing of Accounts

Accruals of customer and supplier invoices, interim accounts, monthly reconciliations, closing VAT accounts, payroll taxes and social security contributions, bad debts, and the difference between accounting profit and taxable profit.

Fixed Assets & Accounting Theory

Depreciation and impairment of tangible and intangible assets, economic versus physical useful life, immediate write-off of low-value assets, fundamental accounting principles, the matching principle, and interpretation of cash flow.

Financial Statements & Analysis

Equity and changes in equity, current liabilities and provisions, year-end appropriations and deferred tax, analysis of solvency and debt-to-equity ratios, adjusted return on equity, and reconciliation-based calculation of purchases.

Accounting Practice in Client-Facing Roles

Advising on dividends in owner-managed companies, interpreting equity and capital strength, assessing compliance and regulatory risks, filing deadlines and documentation responsibilities, engagement letters, balance sheet for liquidation purposes, and client questions on leasing and tax rules.

MORE THAN A TEST RESULT

A fact-based decision support with verified knowledge, clear strengths and areas for improvement, as well as benchmarking against thousands of tested profiles. Questions and answer options are randomised, but the same five areas are always tested.
