4 skill areas

 References & Text Functions Data Functions & Logical Functions Tables & Charts Organise Data

WHAT THE TEST MEASURES

References & Text Functions

Absolute and relative references when copying cells, circular references and formula consequences; text functions including LEFT, RIGHT, TRIM, CLEAN and CONCATENATE; replacing text with MID and REPLACE; converting text to numbers with VALUE; and date functions such as MONTH, EOMONTH and NETWORKDAYS.

Data Functions & Logical Functions

Data functions such as SUM, COUNT, AVERAGE, VLOOKUP, COLUMN, HLOOKUP, INDEX, MATCH, LEFT and RIGHT; logical functions including IF, AND and OR; and one- or multi-criterion calculations using SUMIF, COUNTIF, SUMIFS and COUNTIFS.

Tables & Charts

Data summarisation using charts, tables and PivotTables; managing and interpreting different chart types; filtering and sorting; multi-level filtering and different PivotTable variants; plus knowledge of PowerPivot and basic commands for SQL databases.

Organise Data

Handling and structuring data in worksheets; selecting cells and copying or moving data; comments; find and replace; Text to Columns; removing duplicates; grouping rows and columns; linking worksheets and workbooks; Paste Special, transposing, advanced filtering and data validation.

A SECURE AND CLEAR TEST PROCESS
